706-464-3066

# Vendor POLICIES

## **WHEN SELECTING YOUR VENDORS PLEASE ADVISE:**

Please provide your Event Coordinator a list of all vendors that will need access into the building.

Please review the list of prohibited items.

Vendors must set-up the morning of your event unless day-before access has been purchased by the lessee. Please express this to your vendors.

Vendors must breakdown no later than 11pm to complete move out by the facility closing at 11:59pm. The Trade Center staff will not remove vendor equipment from the room. Failure to remove items prior to the contract ending will result in the disposal of equipment and a clean-up charge to the lessee.

The Trade Center is not responsible for the move-in or break down of your vendor's equipment or décor.

Vendors are responsible to bring their own dollies or carts to aid the move-in and move-out process.

The Trade Center is not liable for any missing or damaged outsourced equipment.

Cake and floral will not be stored at the Trade Center, so if the items are left behind they will be disposed.

Vendors must use the loading area approved by the Event Coordinator. Any equipment or vehicles left unattended in the loading area may be disposed of or towed at the vendor's expense.
